Fuel Injection Systems and Parts

## Fuel injection equipment for **PALM OIL BIO FUEL** applications

Your advantage:

- Most energy efficient oilseed product
- More than 40% lower greenhouse gas emissions
- Efficient to produce
- Low environmental impact
- Sustainable

We have more than two years' experience in stationary applications.  
We would be glad to receive your specific request.

Regards,

Dr.H.O.Geisser, VRD
